STATE SUPPLY COMPANY

we've got the drive!

State Supply Company has proudly supported the brewing, beverage, and bottling industries across West Michigan and beyond for over 75 years. We deliver high-performance solutions built to meet the demands of modern production environments—from fluid power and mechanical power transmission products to motor controls, bearings, and specialty components from trusted manufacturers.

In beverage production, uptime, consistency, and precision are everything. That's why we stock the critical components you need to keep operations flowing—from grain handling and mixing to bottling and packaging. Whether you're boosting torque, replacing worn parts, or optimizing system performance, our expert team is here to help reduce downtime, improve efficiency, and ensure every batch meets your standards—because every bottle counts.

POWER TRANSMISSION SOLUTIONS

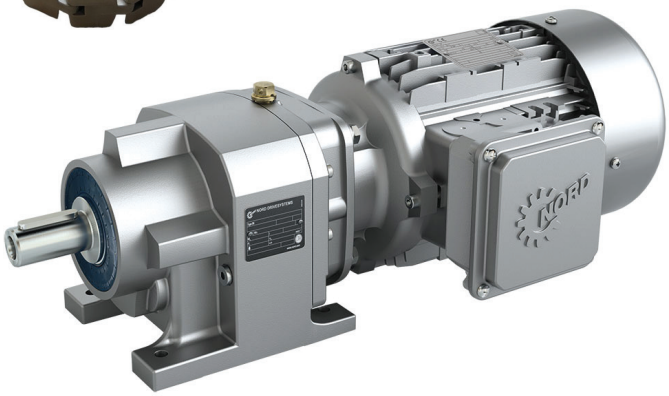
- **Bearings & Seals:** Conveyor belts, augers, bottling line equipment
- **Gearboxes & Reducers:** Grain augers, mash paddles, conveyors
- **Chains, Sprockets & Belts:** Grain handling systems, packaging conveyors
- **Couplings & Shafting:** Pumps, mixers, and agitators
- **Motors & Drives:** Variable speed control for pumps, conveyors, bottling

FLUID POWER SOLUTIONS

- **Pumps & Pump Motors:** Transfer wort, water, cleaning solutions
- **Hoses & Fittings:** CIP/SIP cleaning lines, wort transfer, glycol loops
- **Air Compressors & Pneumatics:** Valve actuation, packaging line air supply
- **Hydraulic Components:** Keg washers, grain mills, lift systems
- **Filters & Regulators:** Maintain clean, controlled fluid and air flow

VALUE ADDED SERVICE

- **Sanitary-Grade Options:** Stainless steel, washdown duty
- **High Reliability:** Reduces downtime in peak production
- **Energy Efficiency:** Lower operating costs
- **Custom Solutions:** Tailored to your brewing process
- **Local Support & Fast Delivery:** Keep your operation on schedule



Let's raise a glass to better performance!

From belts and bearings to motors and reels and more, we stock what beverage producers rely on. Serving craft breweries, microbreweries, large-scale brewing facilities, beverage plants, and bottling operations with the parts that keep production moving. Let our experts help you find the right solution – fast.
