STATE SUPPLY COMPANY

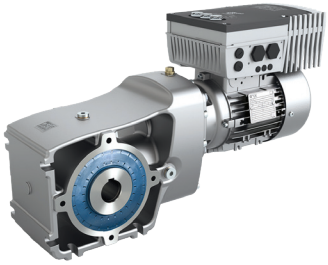
we've got the drive!

State Supply Company began in the sawmill industry over 75 years ago, and we continue to support mills across West Michigan and beyond with dependable, efficient solutions built for demanding production environments. We supply power transmission components, fluid power solutions, motor controls, bearings, and specialty parts from trusted manufacturers—all engineered to withstand the heavy-duty requirements of sawmill operations.

In lumber production, equipment uptime and reliability are non-negotiable. That's why we stock the essential components to keep debarkers, conveyors, edgers, trimmers, saws, and material-handling systems running at peak performance. From hydraulic hose and cylinders to power transmission and control, our goal is to help reduce downtime, improve throughput, and keep your mill moving forward.

POWER TRANSMISSION

- Gearboxes and reducers for conveyors, and saws
- Sheaves, sprockets, and bushings for efficient power transfer
- Couplings and drive components for heavy-duty applications



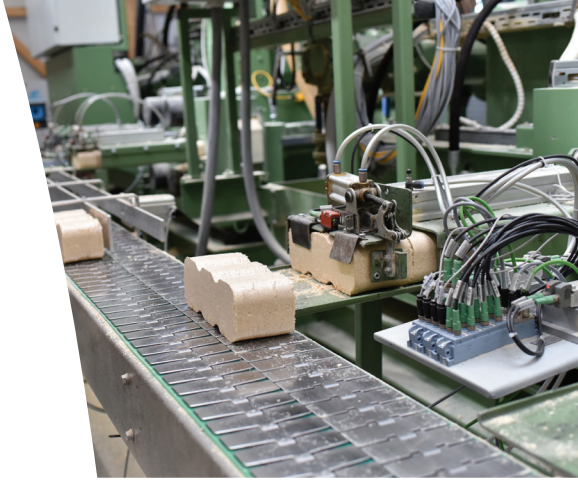
FLUID POWER SOLUTIONS

- Hydraulic hose, fittings, and adapters for high-pressure applications
- Cylinders, valves, and components to support mill motion systems

statesupplyco.com

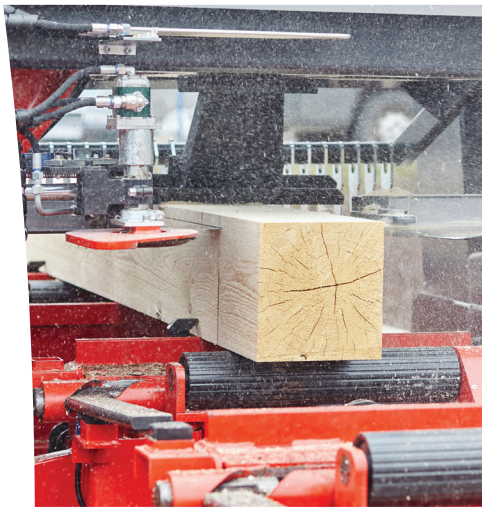
CHAIN, CONVEYOR & MATERIAL HANDLING

- Conveyor chains, mill chains, and tensioning components
- Rollers, pulleys, and conveyor accessories for reliable throughput



BELTING & CONVEYORS

- Conveyor belting for log handling and lumber transfer
- V-belts, timing belts, and chain drives for saw and feed systems
- Belt fasteners, lacing, and maintenance tools



BEARINGS & DRIVES

- Mounted and unmounted bearings for high-load, high-speed mill operations
- Shaft collars, locking devices, and keyless bushings for secure drive alignment

MOTORS & ELECTRICAL

- Electric motors, gearmotors, and drives for continuous-duty operation
- Motor controls, starters, and electrical accessories for mill automation

From hydraulics and hoses to bearings, motors, sensors, and more, we have the components sawmills rely on to keep production moving. Whether you're replacing worn parts or optimizing equipment performance, we deliver solutions that support maximum uptime, reliability, and efficiency.

Sawmills choose State Supply Company for our **industry expertise** and **local support**, **high-quality, durable components built for demanding environments**, and **quick turnaround backed by responsive service and local inventory**. We also offer custom solutions designed specifically for your mill operations, ensuring you get the right fit—fast and with confidence.
